APPROVAL OF STATE ENGINEER	
This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to	the
following limitations and conditions:	
This permit is issued subject to all existing rights on the	
source and is limited to what the well will produce but not to	
exceed 4.0 c.f.s. It is understood that this right must allow	
for a reasonable lowering of the static water level at permittee's	
well due to other ground water development in the area, and that th	e
water of this source is supplemental to existing rights on the	
land to be irrigated. A substantial weir or other type of measurin	g
device must be installed and measurements of water use kept, and a	
method provided, either air line or opening, for measuring depth to	
water. The State retains the right to regulate the use of the water	r
herein granted at any and all times.	
The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use,	
not to exceed4.0	
4.0 acre-feet per acre of land irrigated.	
Actual construction work shall begin on or before	
Proof of commencement of work shall be filed before	
Work must be prosecuted with reasonable diligence and be completed on or beforeDecember 16, 19	
Proof of completion of work shall be filed before	
Application of water to beneficial use shall be made on or before	
Proof of the application of water to beneficial use shall be filed on or before	_
Map in support of proof of beneficial use shall be filed on or before	
Commencement of work filed DEC 4 1961 Completion of work filed JAN 1.5 1963 WITNESS WATHAND AND SEAL this 16th Proof of beneficial use filed	day
